

MAUVE

S C A N D I COLLECTION

MAUVE FURNITURE LTD

Specialists in the supply of quality chairs

Take minimal, elegant and functional designs inspired by the great Danish designers of the twentieth century and add to this traditional Italian craftsmanship, a mastery of wood bending techniques and expertise in chair manufacture. Include careful selection of the finest European ash, oak and beech hardwoods and this combination creates beautiful chairs in minimal, functional styles manufactured with fine attention to detail.

Suitable for commercial and domestic use, the chair frames can be supplied in the white (raw) for self-finishing or can be finished oiled, stained and polished or painted to customer choice.
